2024

Bachelor of
Science in Marine
Transportation

Performance of
Graduates

Zamboanga State College of Marine Sciences & Technology (ZSCMST)

PROGRAM PERFORMANCE PROFILE

Program:

Name of Program: BACHELOR OF SCIENCE IN MARINE
TRANSPORTATION

Institution:

- a. Name : ZAMBOANGA STATE COLLEGE OF MARINE SCIENCES
AND TECHNOLOGY
- a. Location: FORT PILAR, ZAMBOANGACITY
- b. Campus where the Program is Offered: CAMPUS A-B CME

Name and Title of the:

- a. DEAN: CAPT. MARNETTE M. APIT
- b. Head/Chair of the Program: CAPT. EDMUNDO P. LAURENTE
- c. President of the Institution: RODERICK D. TRIO (OIC-PRESIDENT)

TABLE OF CONTENTS

1. Well-defined Objectives
2. Adequate and Relevant Projects/Activities to Achieve Objectives
3. Systematic and Effective Procedures (e.g. teaching method, curriculum development, testing, etc.)
4. Reasonable Budget
5. Provisions of Materials and Other Resources
6. Participation of Significant Number of Faculty/Staff/Students/Communities in Major Projects/Activities
7. Awards of Distinction and Achievement and Grants of This Program, “Best Practices/ Adopted”

Compliance Report

Introduction

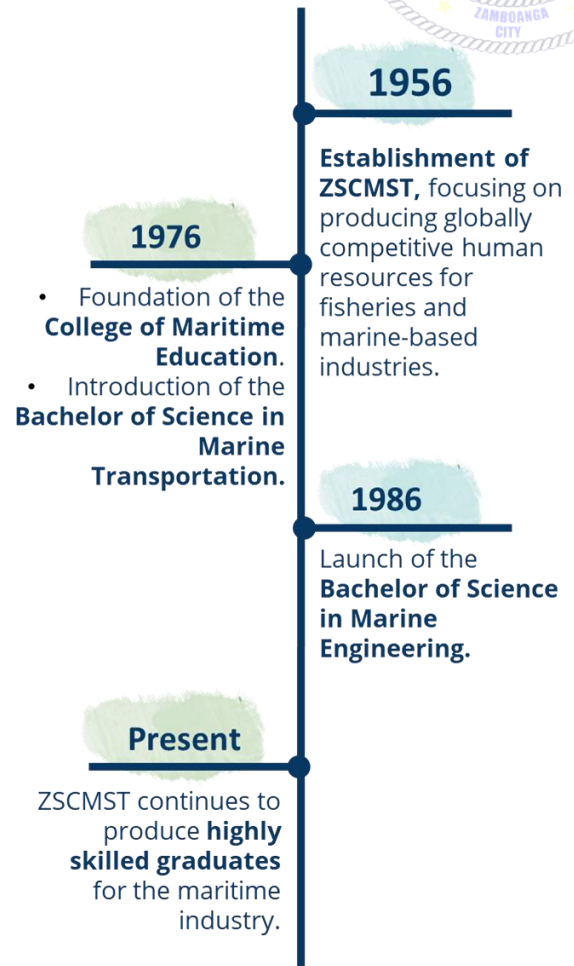

1.1 History of ZSCMST

ZSCMST, established in 1956, has grown from humble beginnings to become a renowned institution producing globally competitive human resources for fisheries and other marine-based industries.

With the purpose of expanding its scope, ZSCMST established the College of Maritime Education in 1976.

The College of Maritime Education was founded in 1976, with its pilot course being the Bachelor of Science in Marine Transportation. Within ten years, in 1986, the Bachelor of Science in Marine Engineering was formed.

Because of Zamboanga's bustling ports and ZSCMST's advantageous location, students at the college of maritime education can witness firsthand what it means to be a seafarer giving them a glimpse of their future/dreams.

WELL-DEFINED OBJECTIVES

The Bachelor of Marine Transportation program is guided by the JOINT CHED – MARINA MEMORANDUM CIRCULAR NO. 01, Series of 2023, which details the Program Educational Objectives (PEOs). These objectives ensure that graduates are well-prepared for careers in the maritime industry, equipped with the necessary skills and knowledge to excel in their chosen fields. The PEOs are as follows:

1. **General Objective:** The BSMT or BSMarE degree aims to produce graduates who are competent to pursue a career or advanced studies in a related maritime field of specialization.
2. **Specific Objectives:**
 - The BSMT program is designed to produce competent Officers in Charge of a Navigational Watch on seagoing ships of 500 gross tonnage or more.
 - The BSMarE program aims to produce competent Officers in Charge of an Engineering Watch in a manned engine-room or as designated duty engineer in a periodically unmanned engine-room on seagoing ships powered by main propulsion machinery of 750 kW or more.

The College of Maritime Education conducted a tracer study to systematically track the post-graduation progress of our alumni. The purpose of this study is to gather valuable insights into our graduates' employability, career advancement, and further studies. In addition, The BSMT Program also measures its effectiveness through licensure exam results. These results, alongside tracer studies, provide comprehensive evidence of our graduates' competence and readiness for professional roles. These insights are then used to determine if the Program Educational Objectives (PEOs) have been achieved.

PEO 1: Produce graduates who are competent to pursue a career or advanced studies in a related maritime field of specialization.

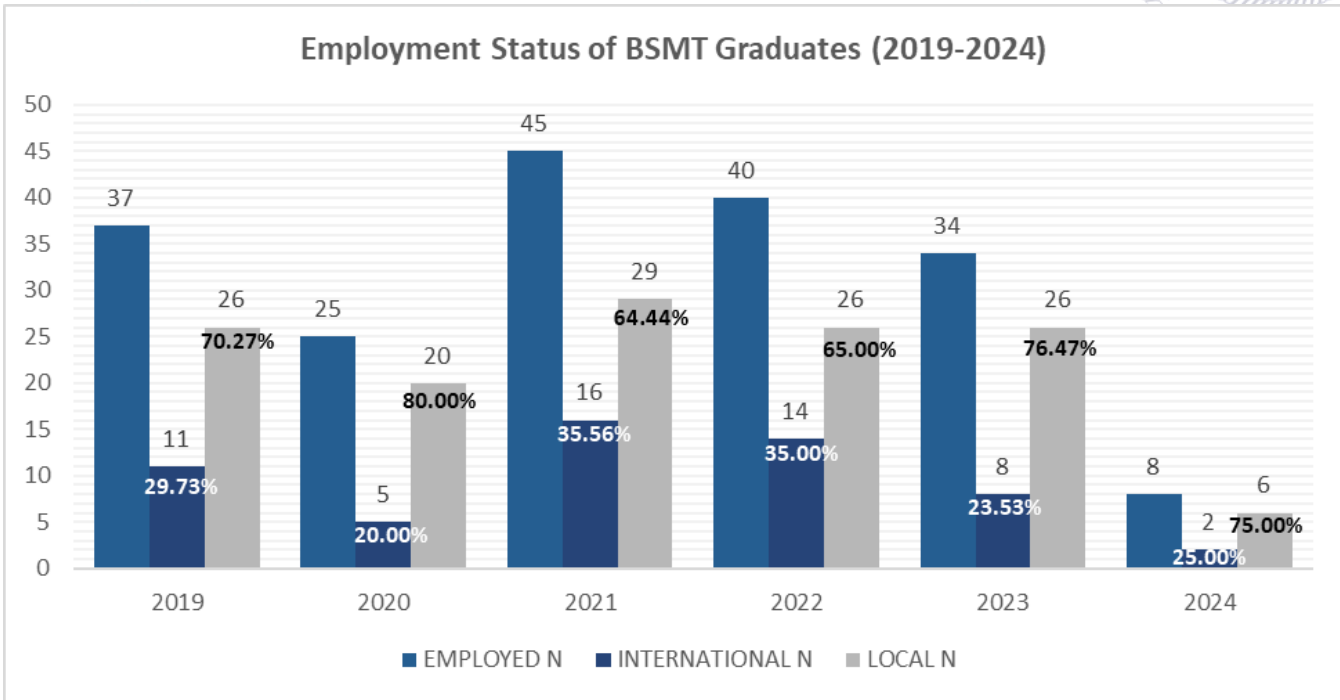

Table 1: Employment Status of BSMT Graduates (2019-2024)

YR	NO. OF GRADUATES	TRACED		EMPLOYED		INTERNATIONAL		LOCAL	
		N	%	N	%	N	%	N	%
2019	153	37	24.18%	37	100.00%	11	29.73%	26	70.27%
2020	96	25	26.04%	25	100.00%	5	20.00%	20	80.00%
2021	62	45	72.58%	45	100.00%	16	35.56%	29	64.44%

2022	44	40	90.91%	40	100.00%	14	35.00%	26	65.00%
2023	81	34	41.98%	34	100.00%	8	23.53%	26	76.47%
2024	127	8	6.30%	8	100.00%	2	25.00%	6	75.00%

Graph 1: Employment Status of BSMT Graduates (2019-2024)

The table and graph show the number of graduates from the BSMT program over several years and their employment status. Despite a low percentage of traced graduates, all traced graduates from each year achieved a **100% employment rate**. In 2019, 24.18% of 153 graduates were traced, all employed, with 29.73% working internationally. For 2020, 26.04% of 96 graduates were traced and employed, with 20% working internationally. The percentage of traced graduates in 2021 was 72.58% out of 62, all employed, with 35.56% internationally. In 2022, 90.91% of 44 graduates were traced, all employed, with 35% working internationally. For 2023, 41.98% of 81 graduates were traced, all employed, with 23.53% internationally. Finally, in 2024, 6.30% of 127 graduates were traced, all employed, with 25% working internationally.

Licensure Exam Results for Operational Level

Operational level licensure exams for Bachelor of Science in Marine Transportation (BSMT) graduates are taken after they complete the necessary academic coursework and practical training. These exams are crucial for obtaining certification, qualifying graduates to serve as Officers in Charge of a Navigational Watch on seagoing ships of 500 gross tonnage or more.

Graph 2: Operational Level % of Passers (First -Timer)

Graph 3: Operational Level % of Passers (Resit)

Table 2: BSMT Operational Level Licensure Exam Result (2020 – 2023)

Year	Operational Level					
	No. of Examinees (first-Timer)	No. of passers (First-Timer)	% of Passers (First -Timer)	No. Examinees (Resit)	No. Passers (Resit)	% of Passers (Resit)
2020	5	4	80.00%	-	-	-
2021	28	23	82.14%	5	3	60.00%
2022	47	22	46.81%	12	10	63.33%
2023	41	23	56.10%	24	18	75.00%
Total	121	72	59.50%	41	31	75.61%

The BSMT Program has consistently demonstrated a majority pass rate above 50% for first-time examinees, showcasing a solid training foundation. Despite a notable decline in 2022, the program showed resilience with a significant improvement in 2023. For retakers, the passing rates have shown a positive trend, with an impressive increase from 60% in 2021 to 75% in 2023. This reflects the program's strong support mechanisms for those needing to retake the exams. Overall, the data highlights the program's effectiveness in preparing students for professional roles and its commitment to continuous improvement.

POE 2: Produce competent Officers in Charge of a Navigational Watch.

The Bachelor of Science in Marine Transportation (BSMT) program at ZSCMST has consistently produced highly skilled Officers in Charge of a Navigational Watch. This success is evident in the careers of many distinguished graduates who have excelled in the maritime industry. Their achievements highlight the rigorous training and high-quality education provided by ZSCMST, ensuring our graduates are well-prepared to navigate and lead at sea.

Starting with the faculty of the BSMT program, all of whom are esteemed graduates of ZSCMST, their invaluable practical experience and insights significantly enhance the quality of education. Their firsthand knowledge and professional success provide essential guidance and mentorship to current cadets, perpetuating a tradition of excellence in maritime education.

Name	Year Graduated	Position/Designation In ZSCMST	Highest Educational Attainment	Rank and Awards
Capt. MARNETTE M. APIT	2009	Dean, CME	MATMT (ZSCMST)	MASTER MARINER
Capt. EDMUNDO P. LAURENTE		Program Adviser, BSMT	MMM (ZSCMST)	MASTER MARINER TOP 9 July 2013 CHIEF MATE Licensure Examination
2/M ELCID A. ARANAN		Shipboard Training Officer (STO)	PHD	OIC – NAV WATCH
Capt. ALVIN R. SELISANA			MMM (On-going, ZSCMST)	MASTER MARINER
Capt. ROXELL F. PARAISO				MASTER MARINER
Capt. GAMEBAL S. SALON			MMM (On-going, ZSCMST)	MASTER MARINER
2/M ROMEO B. CALOYLOY			MATMT	OIC – NAV WATCH
2/M RICARDO A. QUIAOIT			MMM (ZSCMST)	OIC – NAV WATCH
2/M EDWIN R. NARCA			MMM (ZSCMST)	OIC – NAV WATCH
2/M MORRIS BANUA			MMM (On-going, ZSCMST)	OIC – NAV WATCH
2/M RISIL O. YBERA			MMM (ZSCMST)	OIC – NAV WATCH

Moreover, the program's effectiveness is further demonstrated by the successful careers of several other prominent graduates. These individuals exemplify the knowledge, professionalism, and leadership fostered by the program, underscoring its effectiveness in preparing students for real-world maritime challenges.

Name	Year Graduated	Position/Designation	Company	Rank and Awards
CAPT. JOEY GREGORIO	2022			HERO on a High Seas
HON. KHYMER A. OLASO		Congressmen District I	Zamboanga City	1st Master Mariner (batch 22) elected as Congressmen of Zamboanga City
C/O DIANNE BOOC		Crewing Manager		1st Female Crewing Manager
CAPT. ARTHUR NOGAS		Port Service Division Manager	PPA PMO ZAMBOANGA PORT	
CAPT. ALBERT ALDE		Vice President	CF Sharf Shipping	
CAPT. EMILLANO ESPARAGUERA		PPA Harbour Master		
CAPT. EDUARDO JANEJA JR.		Pilot	Gibraltar Port Authority	
CAPT. GRETO TUASTOMBAN		Crewing Manager	Tanker Company	
CAPT. CARLO BUNUAN		Senior Crewing Superintendent	Senator Shipping Agency	
CAPT. SAMSON QUINIONES		Marine Superintendent	NEOM Maritime Singapore	
LT COL DONALD JAGUNAP		Lieutenant colonel	Philippine Marines	
LT JG KIMBERLY BARREDO		Lieutenant (junior grade)	Philippine Marines	

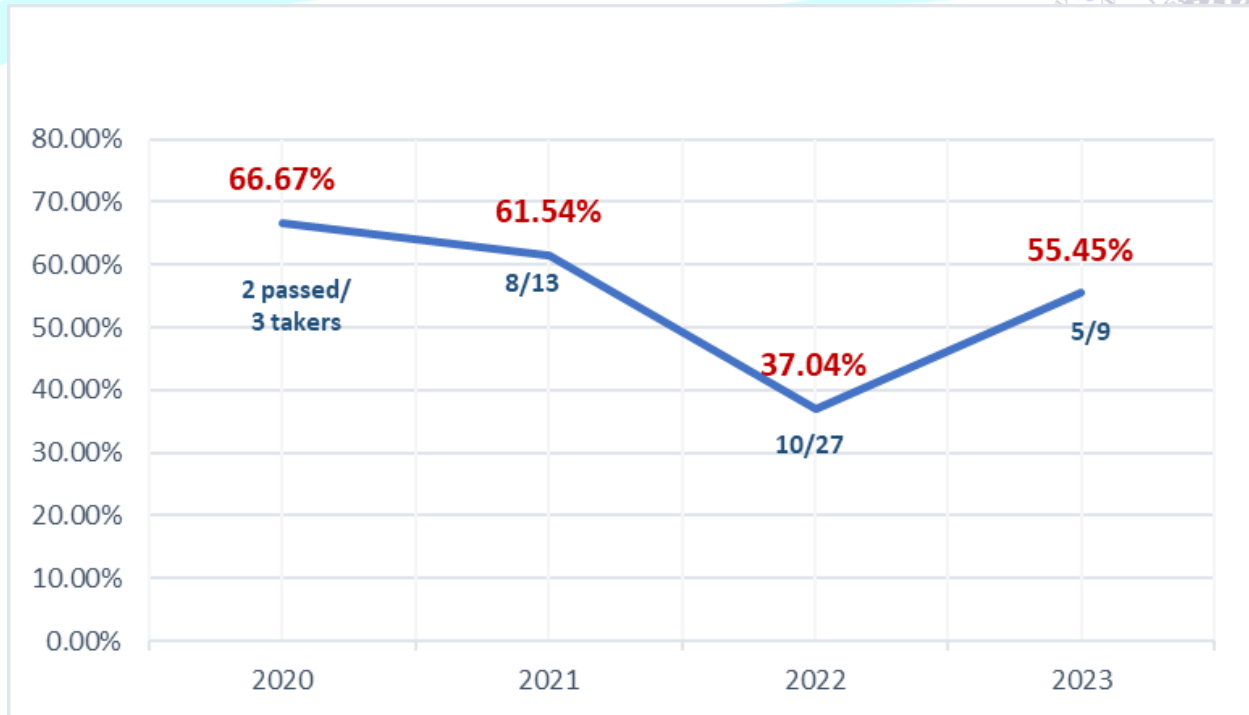

ENS MARK ANTHONY SIASON			Philippine Coast Guard	
CAPT. JOEY D. GREGORIO		Crewing Manager	POMI V Shipping	
CAPT. JOEY D. GREGORIO		Crewing Manager	POMI V Shipping	
CAPT. RONNEL ALVIAR		DPA	Alesson Shipping Company	
CAPT. JEFFREY SANTO THOMAS		Crewing Manager		
CAPT. JEROME S. SOLANO		Crewing Manager	Korpil Shipmanagement and Manning Corporation	
CAPT. ALAN BAYABOS		Surveyor/Vetting Inspector	BSM Independent	

Licensure Exam Results for Management Level

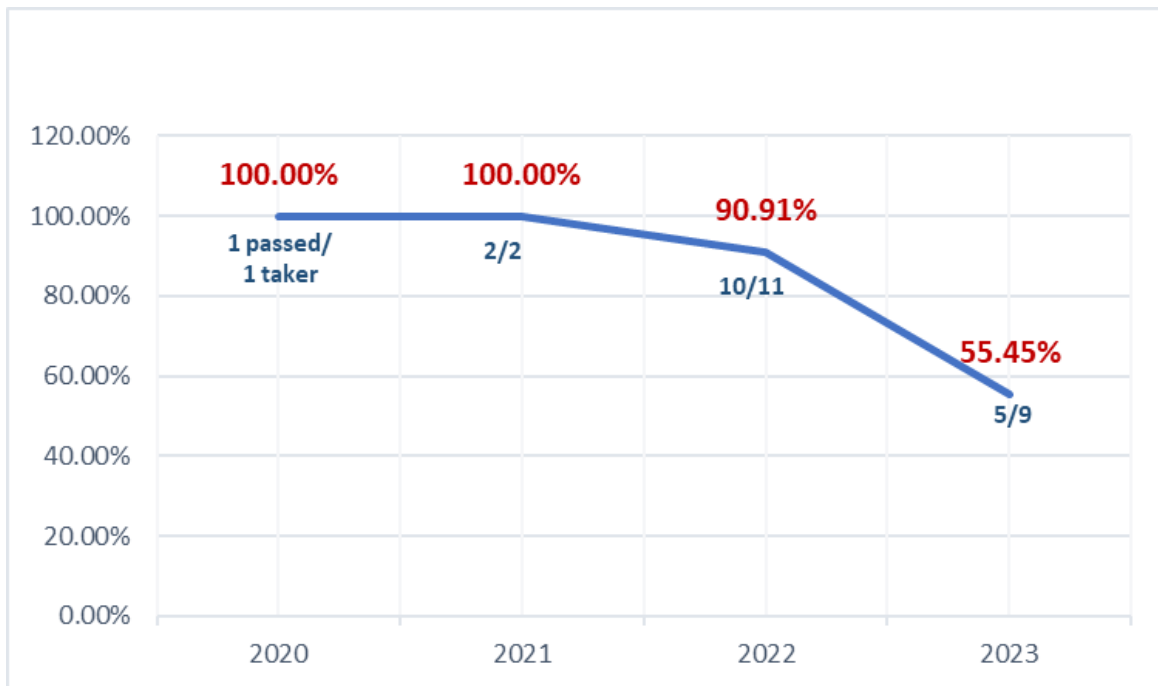

The Management Level Licensure Exam for Bachelor of Science in Marine Transportation (BSMT) graduates is typically taken after they have completed the necessary seagoing service and additional management training. This exam qualifies graduates to serve as Chief Mate or Master Mariner on seagoing ships of 500 gross tonnage or more. Passing this exam is a significant milestone, validating their readiness and competency to take on higher-level management roles in the maritime industry.

Graph 4: Management Level % of Passers (First -Timer)

Graph 5: Management Level % of Passers (Resit)

Table 2: BSMT Management Level Licensure Exam Result (2020 – 2023)

Year	Management Level					
	No. of Examinees (first-Timer)	No. of passers (First-Timer)	% of Passers (First -Timer)	No. of Examinees (Resit)	No. of Passers (Resit)	% of Passers (Resit)
2020	3	2	66.67%	1	1	100.00%
2021	13	8	61.54%	2	2	100.00%
2022	27	10	37.04%	11	10	90.91%
2023	9	5	55.45%	9	5	55.45%
Total	52	25	48.08%	23	18	78.26%

The BSMT management level licensure exam results show varying pass rates for first-time examinees, with strong performances in 2020 and 2021 but a significant drop in 2022, followed by some recovery in 2023. The average pass rate for first-time takers is 48.08%, indicating a need for continued improvement. For resit examinees, the results are more positive, with consistently high pass rates and an average of 78.26%. Particularly impressive are the perfect pass rates in 2020 and 2021, and the high success in 2022. The decrease to 55.45% in 2023 for resit examinees suggests some challenges but overall reflects strong support and remediation efforts. These results underscore the program's commitment to preparing students for both first-time and resit exams, demonstrating resilience and effective intervention strategies.

ADEQUATE AND RELEVANT PROJECTS/ACTIVITIES TO ACHIEVE OBJECTIVES

The BSMT Program offers a variety of projects and activities designed for students, teachers, and staff to effectively achieve the Program Educational Objectives (PEOs). These initiatives ensure comprehensive development and practical exposure, fostering an environment that nurtures both academic excellence and hands-on learning.

I. Practical Training and Development

To provide students with hands-on experience and practical exposure, the institution organized familiarization activities onboard a Philippine Coast Guard Vessel for BSMT and BSME students. These activities are designed to enhance students' understanding of maritime operations, safety protocols, and real-world maritime environments.

(a)

(b)

In addition, the institution also organized pre-course Simulator Training for Navigation and Ship Handling for BSMT and BSME students. This additional training is conducted prior to the subjects that include these activities, providing students with an early opportunity to apply theoretical knowledge to realistic scenarios in a controlled environment. By developing critical navigation and ship handling skills ahead of their coursework, students enhance their competency and confidence in managing real-life maritime operations.

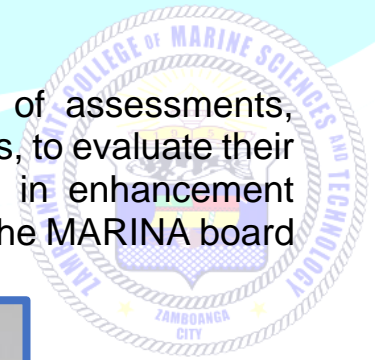

Another activity that provides students with practical knowledge and skills related to handling cargo aboard vessels is the Stability and Trim Laboratory with 5 Different Cargo Ship Loading and Discharging Operations. This pertains to the seamanship subject, where students learn about the cargo loading and discharging operations of ships. In this aspect of maritime education, students gain practical knowledge and skills related to handling cargo aboard vessels, including the procedures involved in loading and unloading various types of cargo safely and efficiently. By providing hands-on experience and theoretical instruction in seamanship, students are prepared to perform these essential tasks effectively in real-world maritime settings.

II. **Professional Growth:** Internship opportunities

The Zamboanga State College of Marine Sciences and Technology (ZSCMST) offers cadets internship opportunities through onboard training, monitored monthly by the Ship Training Officer (STO). This training, which requires 12 to 36 months of seagoing service, aims to provide practical experience under the supervision of qualified deck

officers. After completing the training, cadets undergo a series of assessments, including written exams, practical assessments, and panel interviews, to evaluate their competencies. Cadets with lower assessment scores participate in enhancement activities to improve their skills, ensuring they are well-prepared for the MARINA board examination.

Shipping Companies with MOA

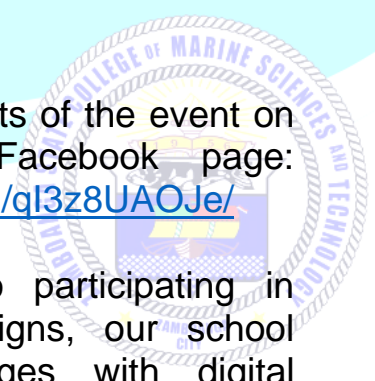

The College of Maritime Education has established Memoranda of Agreement (MOA) with various shipping companies to provide students with valuable internship opportunities and hands-on training experiences. These partnerships ensure that students receive practical, real-world knowledge essential for their maritime education and future careers. The scanned copy of the MOA is shown below, highlighting the collaborative efforts between the college and the shipping companies.

BSMT Campaign in Surabaya National High School

Watch highlights of the event on our official Facebook page: <https://fb.watch/ql3z8UAOJe/>

In addition to participating in career campaigns, our school actively engages with digital platforms to keep everyone informed about updates and new information. We utilize our official Facebook pages to reach a wide audience and share timely news

and announcements. Furthermore, we have Marino News FM, a dedicated radio station, which provides comprehensive information and updates related to the school.

IV. Faculty Development

In pursuit of achieving the Program Educational Objectives (PEOs), the institution facilitated the attendance of **BSMARE and BSMT faculty** at a **Training Workshop on Designing Assessment Tools for Measuring Learning Outcomes**. This workshop, held on July 27-28, 2022, in Ilo-Ilo City, was dedicated to enhancing the faculty's proficiency in developing effective assessment tools. By refining their ability to measure learning outcomes, the faculty can more accurately evaluate student performance and ensure alignment with the educational objectives.

(a) (b)
Pictures A and B show snippets from the presentation by one of the presenters during the training workshop.

To ensure teachers are well-prepared to manage online classes, the institution conducted a Learning Management System (LMS) training for teachers to help them navigate the online tool for online teaching. This training aimed to equip faculty with the necessary skills and knowledge to effectively utilize the LMS, enhancing their ability to deliver quality education in a virtual environment.

V. Infrastructure and Resources

The institution organized a meeting focused on strategizing and coordinating the return to face-to-face classes. This meeting aims to ensure health and safety protocols, scheduling, classroom setups, and logistics are effectively planned and implemented. Key discussions covered the adaptation of teaching methods, **resource allocation**, and contingency plans, ensuring a smooth transition and effective delivery of in-person education. The goal is to align all stakeholders on best practices and operational details to provide a safe and conducive learning environment for both students and faculty.

SYSTEMATIC & EFFECTIVE PROCEDURES

The College of Maritime Education (CME) diligently reviews its curriculum to ensure that the BSMT Program aligns with JCMCC No. 1, Series of 2023. According to the guidelines, a graduate of the BSMT Program should demonstrate competence in Marine Transportation, maintenance and repair, controlling the operation of the ship, and caring for persons on board under Table A-III/1. Additionally, graduates should acquire knowledge and understanding as outlined under Table A-III/2 of the STCW Code, which are covered in this program under Annex A2.

In response to these requirements, the JCMCC mandates a minimum of 188 credit hours. However, the BSMT Program at ZSCMST goes beyond this standard by offering a comprehensive curriculum of 672 hours. This includes Professional Courses, which encompass mechanical and electrical workshop skills training, as well as Onboard Training (OBT), Physical Fitness (Pathfit), the National Service Training Program (NSTP), and the General Education component under the new General Education Curriculum. This extensive curriculum ensures that students are well-equipped with the necessary skills and knowledge to meet industry standards and excel in their maritime careers.

To ensure the smooth delivery of instruction, the institution has established processes and policies, as illustrated below. These measures are designed to uphold the quality of education, facilitate effective teaching, and support both faculty and students in achieving academic excellence.

ZAMBOANGA STATE COLLEGE OF MARINE SCIENCES AND TECHNOLOGY Republic of the Philippines Zamboanga City		Document Code: PM-1.0-1.3 Revision Number: 2 Effectivity Date: June 2019
PROCEDURES MANUAL		
SECTION	ACADEMIC/INSTITUTIONAL PROCESSES	Page 1 of 3
SUBJECT	CURRICULUM REVIEW AND DESIGN	

OBJECTIVE

Ensure that academic curricula are attuned to the demands of the students and requirements of the industry/ employers through continuous academic review, verification, validation and approval by the Academic Council and the College Board of Trustees.

SCOPE

This procedure defines the actions and responsibilities of the College President, Vice-President for Academic Affairs, College Deans, CRD Committees in the curriculum review and design process.

DEFINITION OF TERMS

- ◆ VPAA – Vice President for Academic Affairs
- ◆ CRD – Curriculum Review and Design

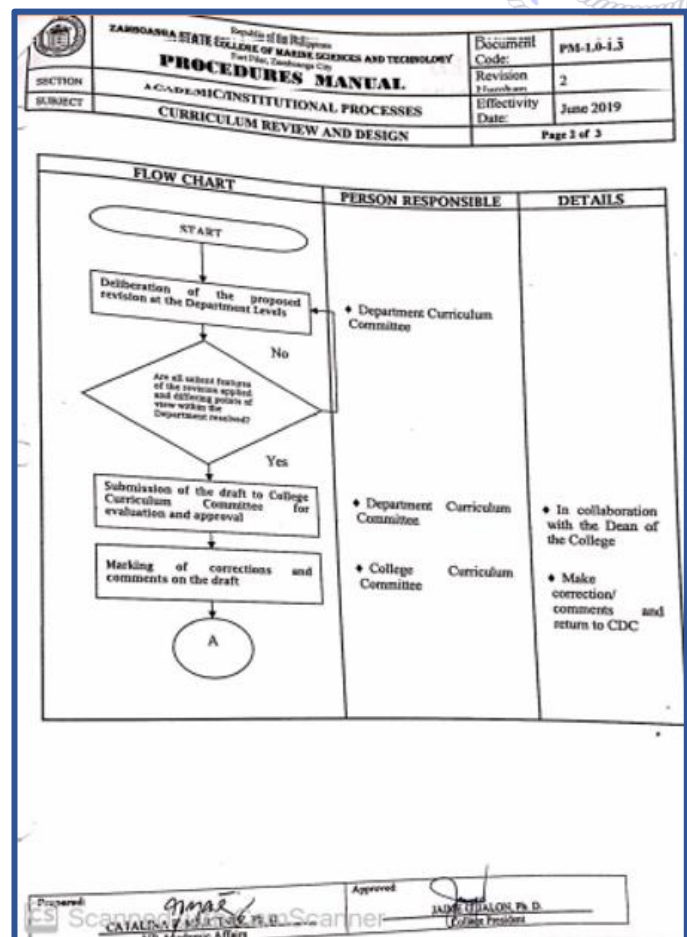

REFERENCES

- ◆ CHED Memorandum/ orders and circulars
- ◆ STCW 1978 as amended
- ◆ ZSCMST Policies and Guidelines on Curriculum Design and Revision

FLOWCHART	PERSON RESPONSIBLE	DETAILS
START		
Conducts Operational Safety Orientation	♦ Faculty member concerned	♦ Faculty member concerned orients the students on operational safety in using laboratory and laboratory equipment before the start of laboratory work
Determines the number of students to use the laboratory	♦ Faculty member concerned	♦ Faculty member concerned shall determine the number of students to use the laboratory based on the carrying capacity
Supervises the students in the laboratory room	♦ Faculty member concerned	♦ Students are required to log-in on the Logbook before utilization of equipment
Supervises/facilitates the laboratory activity	♦ Faculty member concerned	♦ Faculty concern supervises all the laboratory activities of students ♦ Check orderliness of the laboratory room after the activity
END		

OBJECTIVE
Guide students on the proper use of Laboratory facilities for safety reasons.

SCOPE
Defines the tasks of the instructor/faculty in-charge of a laboratory activity.

DEFINITION OF TERMS
♦ Safety operations-protocol to be observed when undertaking laboratory or practical work to ensure safety.

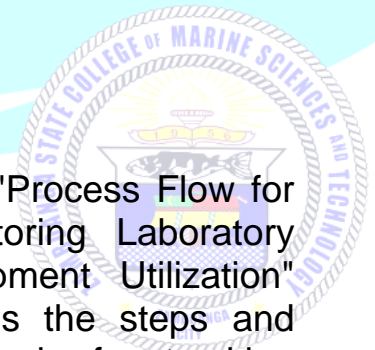

REFERENCES
♦ Laboratory Manual

RECORDS
♦ Laboratory Activity
♦ Laboratory Logbook

The "Process Flow for Supervision of Student's Operational Safety" outlines the systematic procedures and protocols implemented to ensure the safety of students during operational activities. This process includes steps for monitoring, evaluating, and managing potential risks associated with student operations. By following these established guidelines, the

institution aims to create a secure environment that minimizes hazards and promotes the well-being of all students engaged in practical training and other operational tasks.

Process Flow for Monitoring Laboratory Equipment Utilization

	Republic of the Philippines ZAMBOANGA STATE COLLEGE OF MARINE SCIENCES AND TECHNOLOGY Fort Pilar, Zamboanga City PROCEDURES MANUAL		Document Code:	PM-03-04

The "Process Flow for Monitoring Laboratory Equipment Utilization" details the steps and protocols for tracking the use and maintenance of laboratory equipment. This process ensures that all equipment is used efficiently, maintained regularly, and any issues are promptly addressed. By following this flow, the institution aims to optimize the lifespan and performance of laboratory tools, ensuring they are always in good working condition for educational and research purposes. This contributes to a safe and productive laboratory environment for both students and faculty.

The "Process Flow for Supervision of Examination and Assessment System: Removal Examination/Re-Sit" outlines the procedures and guidelines for managing and overseeing the conduct of removal examinations or re-sits. This process includes the scheduling of re-examinations, criteria for student eligibility, supervision protocols, and methods for ensuring the integrity and fairness of the assessment. By adhering to this structured approach, the institution ensures that all re-sit examinations are conducted smoothly, transparently, and in accordance with academic standards, providing students with a fair opportunity to demonstrate their competencies.

REASONABLE BUDGET

To ensure the delivery of high-quality education and to cultivate graduates who excel in their maritime careers, the Zamboanga State College of Marine Sciences and Technology (ZSCMST) has allocated a reasonable and well-structured budget for the College of Maritime Education (CME). This financial commitment reflects the institution's dedication to providing the necessary resources, facilities, and support systems required for an outstanding educational experience. By investing in CME, ZSCMST aims to uphold its standards of excellence and continuously improve the academic and practical training programs offered to its students.

A vertical blue banner on the left side of the document features the ZSCMST logo at the top, the acronym 'ZSCMST' in large red letters, and accreditation logos for SOCOTEC ISO 9001 and AACUP ACCREDITED PROGRAMS at the bottom.

NOTICE OF AWARD

June 29, 2023

RENEE ROSE Y. CHIU
Proprietor, RC LIM MARKETING
Veterans Avenue Extension,
Tetuan, Zamboanga City

Dear Ms. Chiu:

This is to inform you that your bid dated June 29, 2023 for the project "PROCUREMENT OF OFFICE SUPPLIES, MATERIALS, WIRELESS ROUTER AND ACCESSORIES" WITH BID REFERENCE NO. B-059-2023 THROUGH SMALL-VALUE PROCUREMENT (SVP) for a Contract Price equivalent to Eleven Thousand Two Hundred Twenty-Eight Pesos and Twenty-Five Centavos (PHP 11,228.25) only is hereby accepted.

Likewise, please coordinate with the BAC Secretariat at 992-3615 for the status of your Notice to Proceed and Purchase Order.

Please acknowledge receipt of this notice as soon as possible.

Very respectfully yours,

JAIME G. JALON, Ph.D.
College President

Received by the Bidder:

Name: Glance Glance Gepiza

Date: 7/3/23

A significant percentage of this budget is dedicated to upgrading and enhancing facilities. This investment ensures that students have access to state-of-the-art equipment, modern classrooms, advanced simulators, and well-maintained laboratories.

The image on the left displays the Notice of Award for the purchase of a wireless router, totaling Php 11,228.22. This investment aims to enhance online classes and other educational services, ensuring robust connectivity and uninterrupted access to digital learning resources. This purchase significantly enhances the students' learning experience by providing reliable and robust internet connectivity. Moreover, a stable internet connection supports various educational services, such as

virtual labs, online assessments, and research activities.

PROVISION OF MATERIALS & OTHER RESOURCES

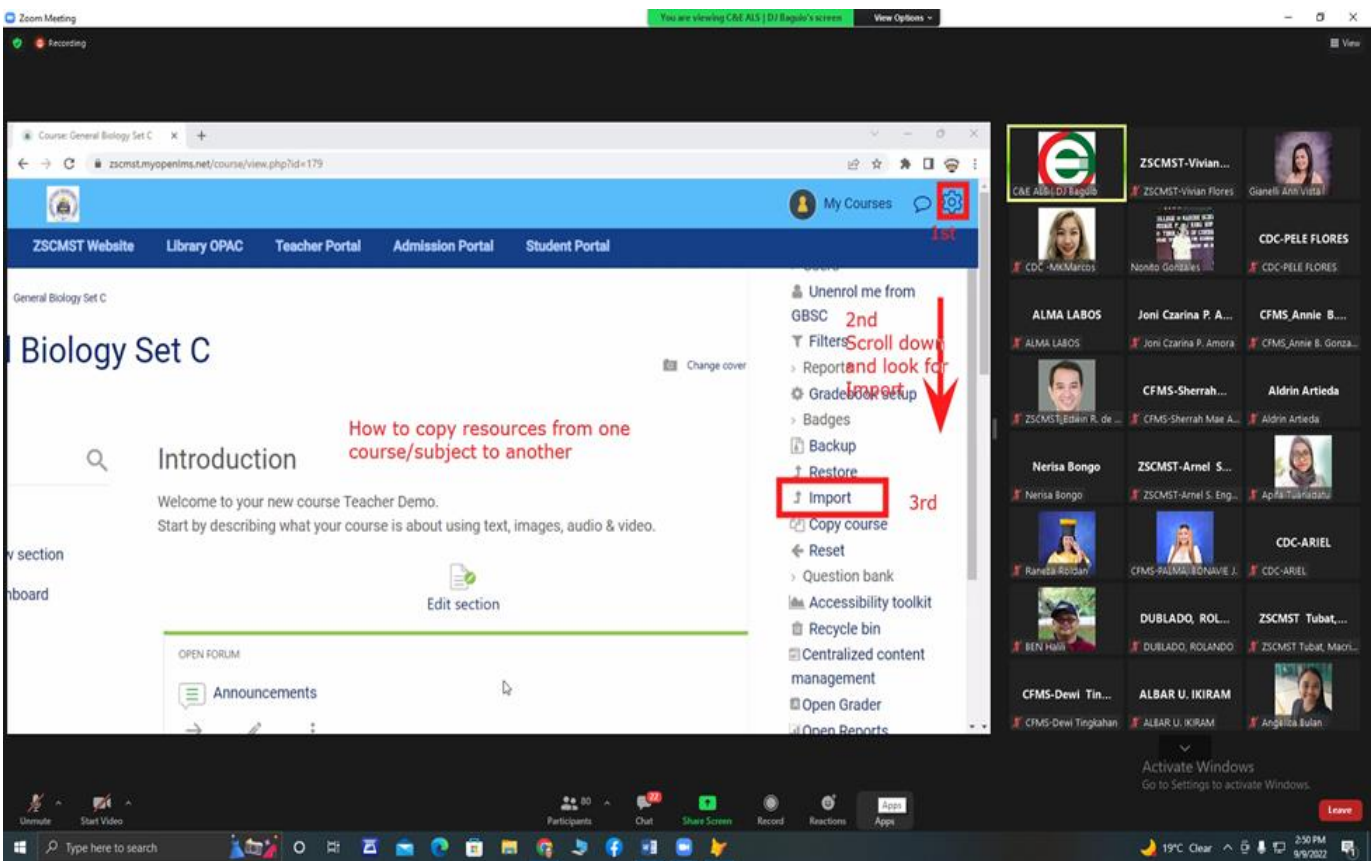

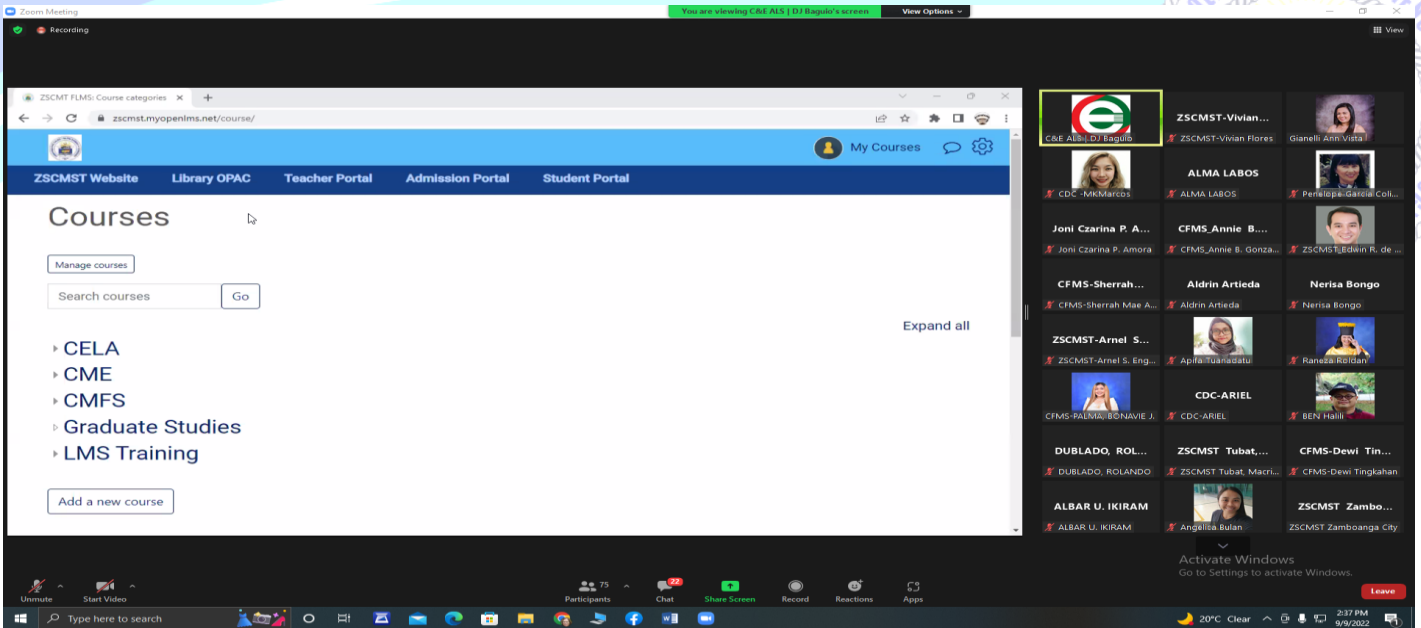

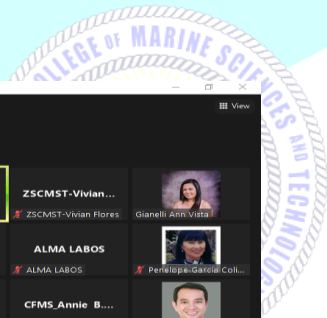

To support the comprehensive educational needs of our students, the institution has made significant investments in the provision of materials and other resources. This includes ensuring access to essential equipment, up-to-date learning materials, and state-of-the-art facilities.

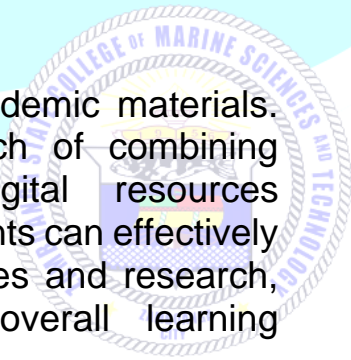

Learning Management System

The Data Based Center has trained faculty on the utilization of the LMS for teaching and learning delivery not only for synchronous or asynchronous classes but the system is as well ideal for face-to-face classes where integration of technology is very much needed to facilitate teaching and learning process. Below is a sample of the training that was conducted for faculty to include the faculty of BSMARE.

The screenshot displays a Zoom meeting in progress. The main window shows a web browser with the LMS interface. The browser's address bar shows the URL: `zscmst.mypopenlms.net/mod/quiz/edit.php?cmid=1301`. The page title is "ZSCMST Website". The main content area shows a list of quizzes with columns for question text, search icon, and time. The first quiz is "MT exam what is the [square root of 169] ?" with a time of 2.00. The second is "Lesson 2 Midterm Night blindness is caused by lack of which vitamin?" with a time of 1.00. The third is "MT exam What is the area of scalene triangle with the sides 10cm, 12 cm, and 15cm?" with a time of 5.00. The fourth is "Lesson 2 Midterm Ethics provides the basic rules or _____ for conducting any activity in an 'ac" with a time of 1.00. The fifth is "MT exam The other name for Motherboard is _____" with a time of 1.00. The sixth is "Lesson 2 Midterm Exam Match the words with the correct description. Select your answer." with a time of 1.00. The seventh is "MT exam Match the correct answer" with a time of 5.00. A sidebar menu is open on the right, showing options: Quiz administration, Edit settings, Group overrides, User overrides, Edit quiz (highlighted), Preview, Results, Locally assigned roles, Permissions, Check permissions, Filters, Competency breakdown, Logs, Backup, Restore, and Question bank. The Zoom meeting grid on the right shows several participants, including CAE ABS/DJ Bagas, ZSCMST-Vivian Flores, ERNIE MORALES, Ricky B. Ignacio, Joni Czarina P. A..., Nontito B. Gonzales, JUSTINE MAE N..., CMT_Reynelsa T..., CFMS_Annie B..., JUSTINE MAE NUR, CMT_Reynelsa Tuman..., CFMS_Annie B. Jalani, George Lawlaga, and Nerisa Bongo. The Zoom meeting controls at the bottom show 74 participants, chat, share screen, record, reactions, and apps. The system tray at the bottom shows the date and time as 11:10 AM on 9/9/2022, and the weather as 83°F Cloudy.

The Zamboanga State College of Marine Sciences and Technology (ZSCMST) is committed to providing comprehensive educational resources to its students. The institution boasts well-equipped physical libraries that offer up-to-date books in marine transportation. Additionally, ZSCMST provides access to an e-library, **MyLOFT**, which is available for free to all bona fide students. MyLOFT offers the latest books and research articles in specific fields, ensuring that students have access to a wide range

of high-quality academic materials. This dual approach of combining physical and digital resources ensures that students can effectively support their studies and research, enhancing their overall learning experience.

ZSCMST has made significant strides in enhancing its training infrastructure. The institution has successfully completed the construction of the SOLAS (Safety of Life at Sea) building, which is equipped with state-of-the-art facilities, including a smoke chamber. This building is designed to meet the stringent requirements for maritime safety training.

Pictures of the ZSCMST SOLAS TRAINING CENTER

In addition, ZSCMST has acquired the minimum equipment necessary to comply with SOLAS standards, ensuring that students receive practical, hands-on training in a realistic environment. The institution is also in the process of applying for accreditation for its maritime training courses, which will further solidify its commitment to providing high-quality education and training in the maritime field.

Moreover, several key pieces of equipment have been upgraded to enhance the overall training experience. This includes the lifeboat, steam boiler, steam turbine, and refrigerators. These upgrades ensure that students have access to modern, reliable equipment that mirrors what they will encounter in their professional careers.

(a) ZSCMST Lifeboat

(b) Steam Builder

(c) Steam turbine

(d) Refrigeration

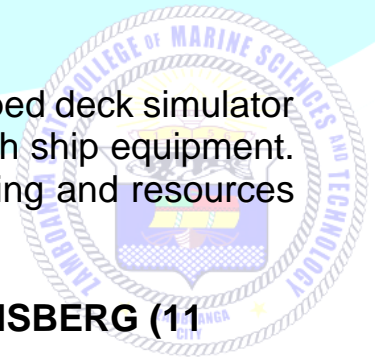

(e) Machine Shop Laboratory

(f) ICT Laboratory

The College of Maritime Education at ZSCMST boasts a fully equipped deck simulator with 11 stations, allowing students to gain hands-on experience with ship equipment. This commitment ensures that graduates receive high-quality training and resources to excel in their maritime careers.

FULL MISSION BRIDGE SIMULATOR TRANSAS AND KONSBERG (11 STATIONS)

(g) FULL MISSION BRIDGE SIMULATOR TRANSAS AND KONSBERG (11 STATIONS)

The College of Maritime Education Bridge Simulator

The College of Maritime Education's Marine Transportation program provides students with access to a dedicated shipboard simulator for navigation subjects. This simulator offers hands-on practice in real-life scenarios, including the implementation of various collision avoidance techniques observed on actual vessels, ensuring students are well-prepared for maritime challenges.

PARTICIPATION OF SIGNIFICANT NUMBER OF FACULTY/ STAFF/ STUDENTS/COMMUNITIES IN MAJOR PROJECTS/ACTIVITIES

Basic Training of Faculty and students at PNTC Training Center

The Zamboanga State College of Marine Sciences and Technology (ZSCMST) is committed to ensuring that its faculty members are well-equipped with the latest

CME faculties (From left to right) 3/E Ivan Jude P. Martinez, 2/M Risil O. Ybera, and 3/E Jayvin G. Alviar during the Basic Training at the PNTC Training Center.

knowledge and skills in maritime education. Recently, three of our esteemed faculty members underwent Basic Training at the PNTC Training Center:

- **3/E Jayvin G. Alviar**
- **3/E Ivan Jude P. Martinez**
- **2/M Risil O. Ybera**

This training is crucial for enhancing their competencies and ensuring they are up-to-date with current maritime standards and practices.

Their enhanced expertise will significantly benefit our students, as these faculty members bring back advanced knowledge and practical skills to the classroom, further enriching the learning experience at ZSCMST.

SOLAS Training @ PNTC College, Tanza, Cavite

January 25, 2024 | Uncategorized

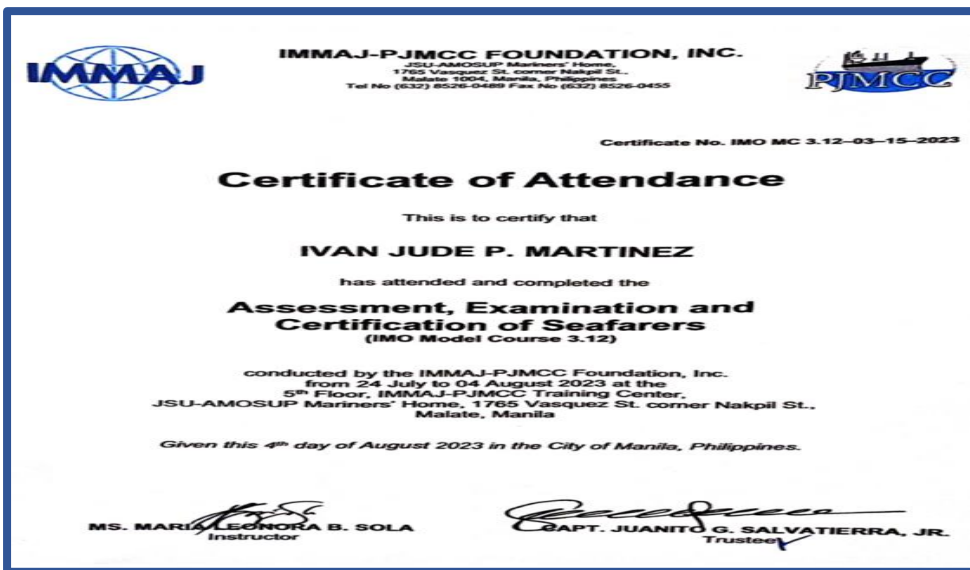

Students from the Zamboanga State College of Marine Sciences and Technology (ZSCMST), under the College of Maritime Education (CME) and the College of Fisheries and Marine Sciences attended a five-day SOLAS training at PNTC College in Tanza, Cavite, from January 24 to January 28, 2024.

The training seeks to provide fundamental training courses such as smoke diving, firefighting, first aid, and abandoned ship drills.

As young sailors, it is essential to understand how to handle safety and survival situations before they begin their Maritime careers. It serves as a "groundings" for sailors, ensuring they learn how to respond to circumstances and work safely at sea.

and hands-on experience, ensuring they are well-equipped to meet the stringent safety standards required in the maritime industry. This experience not only enhances their skills but also significantly contributes to their readiness for real-world maritime challenges.

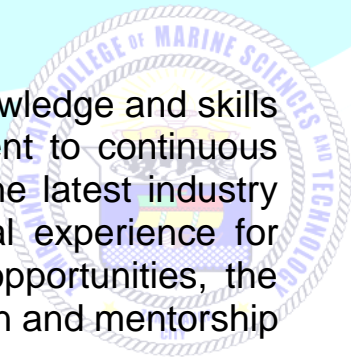

BSMT and BSMARE 2nd class students had the invaluable opportunity to attend SOLAS (Safety of Life at Sea) training at PNTC College in Tanza, Cavite. This training is critical for preparing students to handle various safety procedures and emergencies at sea. By participating in this program, students gain practical knowledge

3rd Engineer Ivan Jude Martinez attended the **IMO Course 3.12**, a specialized training program designed to enhance the skills and knowledge of maritime professionals in areas such as marine engineering, safety, and regulations. This course is part of the International Maritime Organization's effort to ensure that

maritime personnel meet global standards and can effectively perform their duties onboard ships.

The faculty of the BSMT Program are actively enhancing their knowledge and skills by participating in various trainings and seminars. This commitment to continuous professional development ensures that they remain current with the latest industry standards and best practices, ultimately enriching the educational experience for students. By staying updated and engaged in ongoing learning opportunities, the faculty members are better equipped to deliver high-quality education and mentorship in the field of maritime studies.

Sample Certificates of 3/E Jayvin G. Alviar

Sample Certificates of 3/E Proferio D. Bengel, Jr.

The Zamboanga State College of Marine Sciences and Technology (ZSCMST) proudly announces the successful completion of the PAES-P evaluation and inspection, conducted by the International Association of Maritime Universities (IAMU). The positive results of this evaluation underscore the institution's commitment to excellence in maritime education.

This achievement is the result of collaborative efforts by our dedicated faculty, who have worked tirelessly to uphold and enhance the standards of our academic programs. Their continuous professional development, commitment to quality education, and active participation in training and seminars have been instrumental in attaining this prestigious recognition. This milestone reflects the collective dedication of the ZSCMST community to providing top-tier maritime education.

AWARDS OF DISTINCTION AND ACHIEVEMENT AND GRANTS OF THE PROGRAM, “BEST PRACTICES” ADOPTED

The Zamboanga State College of Marine Sciences and Technology (ZSCMST) has been honored with a Bronze Award by the Civil Service Commission RIX in the Enhanced Program to Institutionalize Meritocracy and Excellence in Human Resource Management. This prestigious recognition underscores the institution's commitment to fostering a culture of merit and excellence among its faculty and staff.

This achievement directly benefits the BSMT Program, as it reflects the high standards of human resource management and professional development within the institution. By ensuring that the faculty and staff are recognized for their dedication and capabilities, ZSCMST continues to provide an enriching and supportive environment for the BSMT Program, ultimately enhancing the quality of education and training for its students.

Successful PAES-P Evaluation and Inspection

The Zamboanga State College of Marine Sciences and Technology (ZSCMST) proudly announces the successful completion of the PAES-P evaluation and inspection, conducted by the International Association of Maritime Universities (IAMU) from **December 13 to 15, 2023**. During this period, the College of Marine Engineering (CME) welcomed **IAMU representatives, Capt. Yusuke Mori** from Nippon Japan

University and **C/E Rom Rabe** from German University. Their visit aimed at evaluating CME for potential inclusion in IAMU. All equipment was rigorously inspected and tested, and the representatives concluded that ZSCMST possesses world-class equipment that meets IAMU's high standards, further reinforcing our institution's reputation as a leader in maritime education.

This achievement highlights the institution's commitment to excellence in maritime education and is the result of collaborative efforts by our dedicated faculty, who continuously enhance their skills through professional development, quality education initiatives, and active participation in training and seminars.

Monitoring Graduates' Employability and Licensure Results

The Zamboanga State College of Marine Sciences and Technology (ZSCMST) employs rigorous best practices to monitor the employability and licensure results of its graduates. These practices include:

Analyzing Licensure Results: BSMT Management and Operational Level Licensure Exam Results

The BSMT Program has consistently demonstrated strong support mechanisms for students **retaking licensure exams**, reflecting in their high pass rates for resit examinees at both the operational and management levels. Here are the highlights:

- **Management Level Resit Examinees:** The average pass rate for resit examinees stands at an impressive 78.26%. Notable achievements include perfect pass rates in 2020 and 2021, showcasing the program's effective remediation efforts. Despite a decrease to 55.45% in 2023, the overall trend remains positive, indicating strong support for students who need to retake the exams.
- **Operational Level Resit Examinees:** Similar to the management level, operational level resit takers have benefited from the program's robust support systems. The continuous improvement in pass rates, with an increase from 60%

in 2021 to 75% in 2023, highlights the program's dedication to providing the necessary resources and guidance for students to succeed on their subsequent attempts.

Graph 3: Operational Level % of Passers (Resit)

Graph 5: Management Level % of Passers (Resit)

These results underscore the BSMT Program's commitment to preparing students for licensure exams, demonstrating resilience and effective intervention strategies. An integral part of this success is the established process flow for the **Supervision of Examination and Assessment System: Removal Examination/Re-Sit** at ZSCMST. This process ensures that re-sit exams are conducted smoothly and fairly, providing students with structured and supportive pathways to achieve their academic and professional goals. By maintaining rigorous standards and offering robust support, ZSCMST continues to enhance the quality of education and training for its students.

	PROCEDURES MANUAL	Revision Number: 1
SECTION	EXAMINATION AND ASSESSMENT SYSTEM	Effectivity Date: October 2019
SUBJECT	ASSESSMENT OF LEARNING	Page 1 of 6

ASSESSMENT OF LEARNING

A. Preparation of TOS and Test Papers

OBJECTIVE

Ensure that student's academic performances are rated in accordance with institutional student performance parameters and rating scale.

SCOPE

- Summative Assessment
- Formative Assessment

The MHEI uses summative assessment of learning to evaluate at the end of an instructional unit by comparing it against same standard or benchmark

The said assessment could be the midterm examination, a final project and/or a term paper among others. Further, the summative assessment can be used as a formative assessment if the faculty uses it as guide for course activities in the succeeding course.

Formative assessment is use as an in-process evaluation/ assessment to help the faculty identify concepts or areas in the course where the students have difficulty in achieving, so that the faculty could make appropriate adjustments to the lessons and teaching strategies or he/she could even use alternative teaching strategies to help students .

DEFINITION OF TERMS

- ◆ TOS - tool used to ensure that an assessment/test measures the content and thinking skills that the test intend to measure
- ◆ ASSESSOR – assess candidates' performance and/or related knowledge in a range of tasks and to ensure that the competence and/or knowledge demonstrated meets the requirements of the standards and learning objectives
- ◆ INVIGILATORS – faculty who administers/ supervises the examination (CME) to maintain proper conduct of the examination
- ◆ FORMATIVE ASSESSMENT - refers to all methods that an instructor uses to conduct in-process evaluations of students' comprehension, learning needs and academic progress during a lesson or unit. The purpose of this assessment is to improve instruction and student learning. Formative assessments are aligned with the content covered. Examples of these are Quizzes, Quick Projects, Exercises, and Think-pair-share and other methods as deem appropriate by the instructor.

In reviewing licensure performance, ZSCMST maintains regular communication with the Maritime Industry Authority (MARINA) to request and obtain examination statistics.

The image below displays the scanned copy of the request letter for the licensure exam results.

February 23, 2024

The Director
MARINA Education Training Standard Supervisor
Region IX

Dear Sir/Madam;

Our school, the Zamboanga State College of Marine Sciences and Technology (ZSCMST) is requesting from your good office the list and statistics of our graduates who passed the Licensure Examinations for Operational and Management Levels for the year 2023. This list and statistics are essential for our level 4 accreditation at the Accrediting Agency of Chartered Colleges and Universities in the Philippines (AACUP).

Your kind attention to this request is highly appreciated.

Respectfully yours,

Chief Engineer Chistalyn DR Chiong
Dean, College of Maritime Transportation
Zamboanga State College of Marine Sciences and Technology

Below, you can see the scanned copy of the result provided by the MARINA.

Ensuring a High Graduation Rate

Achieving a high graduation rate at ZSCMST reflects our effective educational strategies and support systems. Our structured internship programs provide essential hands-on experience. Continuous monitoring and guidance from faculty ensure students stay on track. Collaborations with maritime companies offer quality internship placements. Feedback from students and industry partners helps improve our programs. We prioritize a supportive learning environment for student success. These practices ensure students complete their internships and graduate well-prepared for the maritime industry.

Graduation Year	BSMT no. of Graduates
2007	66
2008	49
2009	23
2010	49
2011	63
2012	79
2013	61
2014	61
2015	84
2016	18
2017	47
2018	151
2019	153
2020	96
2021	62
2022	44
2023	81
2024	127

The table provides a yearly breakdown of graduates from the Bachelor of Science in Marine Transportation (BSMT) program at ZSCMST, covering the period from 2007 to 2024. Over these years, the number of graduates has varied, with notable increases in 2018, 2019, and 2024, which saw 151, 153, and 127 graduates, respectively. This data showcases the program's capacity to produce competent maritime professionals, reflecting the growth and fluctuations in the student population over time.

III. Prominent Graduates

The faculty of the Bachelor of Science in Marine Transportation (BSMT) program at ZSCMST comprises many distinguished graduates of our own institution. These educators bring a wealth of knowledge, practical experience, and a deep understanding of maritime education to their teaching roles. Their firsthand experience as former students and now as seasoned professionals allows them to offer unique insights and mentorship to current cadets.

FACULTY STAFF

Capt. Edmundo P. Laurente

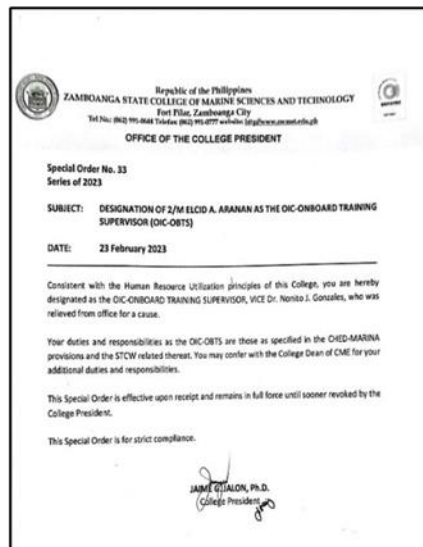

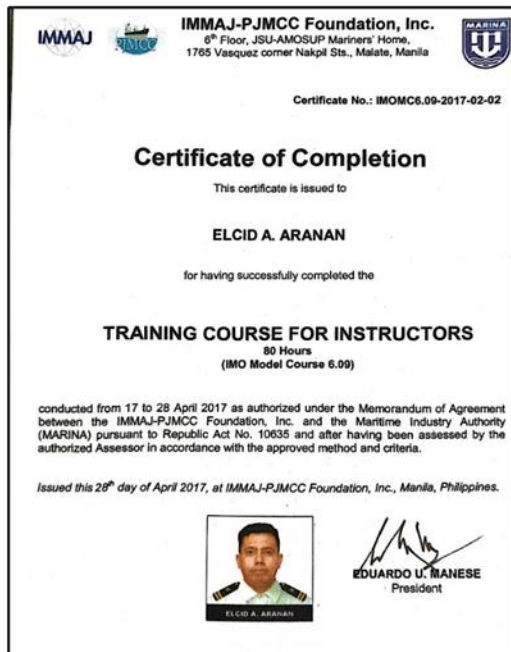

Captain Edmundo P. Laurente is the esteemed Program Adviser for the Bachelor of Science in Marine Transportation (BSMT) at ZSCMST. His impressive career includes ranking in the top 10 of the Professional Regulation Commission (PRC) examination. With extensive experience as a ship captain, Capt. Laurente brings a wealth of practical knowledge and leadership to the program. His dedication to maritime education and commitment to excellence profoundly impact our students, preparing them for successful careers in the maritime industry.

2/M Elcid A. Aranan

Second Mate Elcid A. Aranan is the Shipboard Training Officer (STO) at the College of Maritime Education. With extensive experience serving as a Second Officer on various ships, 2/M Aranan brings a wealth of practical maritime knowledge to the role. His passion for teaching and dedication to serving the school significantly enhance the training and development of our cadets, ensuring they receive the best possible education and preparation for their maritime careers.

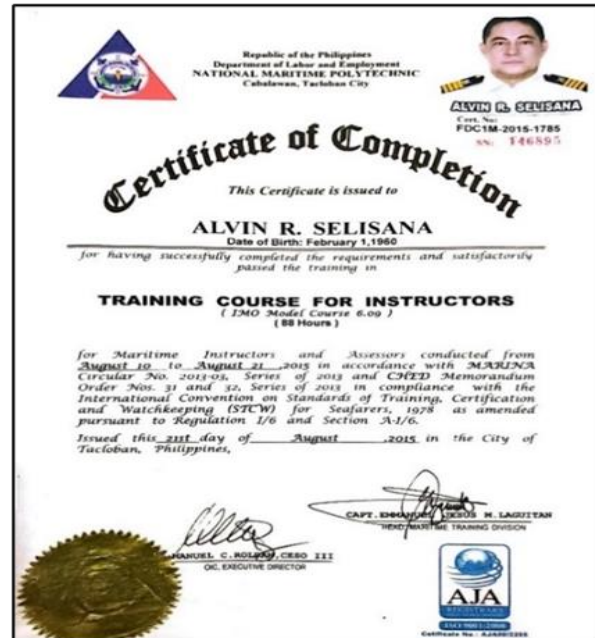

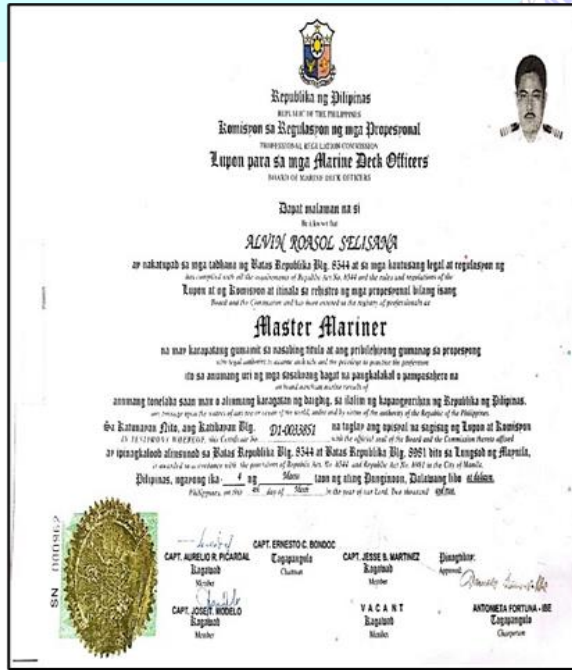

CAPTAIN ALVIN R. SELISANA

As a proud graduate of the second batch of this esteemed institution, Captain Selisana has established himself as a distinguished figure in the maritime industry. With over a decade of experience as a captain on a tanker vessel internationally, he exemplifies exceptional maritime skills. Furthermore, his remarkable ability to effectively teach navigation subjects underscores his commitment to sharing knowledge and expertise with future generations of seafarers.

Captain Selisana's contributions epitomize the values of excellence and dedication instilled by this school.

CAPTAIN ROXELL F. PARAISO

Captain Paraiso, a proud graduate of this esteemed institution, stands out as a highly skilled captain renowned for his proficiency in both domestic and international maritime operations. His exceptional expertise and dedication to maritime navigation are exemplified by his current role as a registered harbor pilot. Through his remarkable career journey, Captain Paraiso continues to uphold the highest standards of professionalism and excellence, reflecting the values instilled by this institution.

CAPTAIN GAMEBAL S. SALON

A distinguished graduate of this institution, Captain Salon has chosen to transition from his extensive seafaring career to become an active instructor while pursuing a Master's in Maritime Management. This decision underscores his commitment to lifelong learning and his desire to impart knowledge gained from years of experience to future generations of maritime professionals, as he prepares for retirement from his illustrious tenure at sea.

Z/M ROMEO B. CALOYLOY
FACULTY

Second Mate Caloyloy, a proud graduate of this institution, has embarked on a remarkable journey from serving in the navy to becoming a seasoned seafarer, and ultimately transitioning into his current role as an instructor at the school. With his extensive experience, he brings invaluable knowledge and insights to his students, showcasing his unwavering commitment to both education and the maritime industry.

Z/M RICARDO A. QUIAOIT
FACULTY

2/M EDWIN R. NARCA
FACULTY

Second Mate Narca, who completed the College of Maritime Education BSMT program at our esteemed institution, has successfully applied his education and training as an officer on an international level. Through his dedication and proficiency, he has demonstrated exceptional competence and leadership in various maritime contexts beyond national borders.

2/M MORRIS BANUA
FACULTY

Second Mate Morris Banua, a graduate of our institution, has distinguished himself as a proficient mariner, boasting a successful record of accomplishment both domestically and internationally. With unwavering dedication, expertise, and adaptability, he has effectively navigated a multitude of maritime challenges with precision and finesse.

2/M RISIL O. YBERA
FACULTY

Second Mate Ybera, a female seafarer with extensive experience on both domestic and international cargo vessels, is now venturing into the field of teaching. She is a

graduate of a Master's in Maritime Management program and has already completed several units towards her doctoral degree.

2/M KATHERINE L. YNIEGO
FACULTY

Second Mate Katherine Yniego is the first female to have sailed in their batch from this same school. Initially serving in the coast guard, she later made the decision to become an international seafarer. With a decade of experience as an officer of the watch, she has proven herself as a capable and trailblazing professional in the maritime industry.
